Confessions of a Shopaholic Jan 14 2020 From the #1 New York Times bestselling author of The Party Crasher and Love Your Life comes "a hilarious tale . . . hijinks worthy of classic I Love Lucy episodes . . . too good to pass up." (USA Today) "Sophie Kinsella keeps her finger on the cultural pulse, while leaving me giddy with laughter."—Jojo Moyes, author of The Giver of Stars and The Last Letter from Your Lover Becky Bloomwood has a fabulous flat in London's trendiest neighborhood, a troupe of glamorous socialite friends, and a closet brimming with the season's must-haves. The only trouble is, she can't actually afford it—not any of it. Her job writing at Successful Saving magazine not only bores her to tears, it doesn't pay much at all. And lately Becky's been chased by dismal letters from the bank—letters with large red sums she can't bear to read. She tries cutting back. But none of her efforts succeeds. Her only consolation is to buy herself something . . . just a little something. Finally a story arises that Becky actually cares about, and her front-page article catalyzes a chain of events that will transform her life—and the lives of those around her—forever. Praise for Sophie Kinsella and Confessions of a Shopaholic "Kinsella's Bloomwood is plucky and funny. . . . You won't have to shop around to find a more winning protagonist."—People "If a crème brûlée could be transmogrified into a book, it would be Confessions of a Shopaholic."—The Star-Ledger "A have-your-cake-and-eat-it romp, done with brio and not a syllable of moralizing. . . . Kinsella has a light touch and puckish humor."—Kirkus Reviews

Confessions of a Klutz Oct 23 2020 Confession One: I was a klutz. I thought I'd grow out of it, but evidently I didn't. It's not fun to look like a fumbling toddler when you're twenty-six. Confession Two: I had a standing appointment at the local ER. It wasn't by choice that I knew all the doctors names—it was necessity. But that was about to change. Confession Three: I hated the sun yet I lived in LA where it always shone. I supposed that was one plus to being sent to New York for the next eight weeks. That was until I got there. Arm veins, dimples, and THE sexiest voice known to man were my weakness, and he had every single one of them. Confession Four: He was my new boss. I could control myself though, right? The city of dreams...a klutz's worst nightmare. Eight weeks. A klutz. And a drool worthy boss. What did you

get when you crossed a klutz with a GO model lookalike? I was about to find out.

Confessions of an English Opium Eater Jul 20 2020 Thomas De Quincey's autobiographical tract *Confessions of an English Opium-Eater* is an account, you might have guessed, of the author's struggles and glories with opium. Though he was a brilliant and well educated young man, De Quincey - who had left school and was ashamed to ask for help - entered a period of near-homelessness in the dank London streets. This period of destitution resulted in chronic stomach pains, for which he began to take a tincture of opium, or Laudanum, to combat the pain. These *Confessions* are the result of a decades-long battle with addiction to the drug, divided into two parts: *The Pleasures of Opium*, and *The Pains of Opium*. De Quincey's *Confessions* earned him fame very quickly when it was released 1822. He was exceedingly well-read in the poetry and literature of the 17th and 18th centuries, which his lavish "impassioned prose" reflects. With virtuosity he describes his early years, from youth to maturity, and his early accounts of using the drug, which he did with restraint. The second part, which describes when he was taking enough opium to kill a donkey, details the fantastical and sometimes horrible visions he experienced while on the the substance. "The sense of space, and in the end, the sense of time, were both powerfully affected. Buildings, landscapes, etc. were exhibited in proportions so vast as the bodily eye is not fitted to conceive. Space swelled, and was amplified to an extent of unutterable infinity." His visions took on vast, Oriental themes, often correlated to Coleridge's Opium-induced poem "Kubla Khan." Since no one had studied the effects of drugs in much detail, De Quincey's account was held as the official reference for generations, often generating criticism that he focused too heavily on the "Pleasures." The "Pains" section however, with its visions of horror and grandeur, certainly could be read as a warning against the drug. That said, his work became a sort of instruction manual for experimentation, and may have lead several writers, including Francis Thompson, William Blair, and perhaps Branwell Brontë, to take the drug. Charles Baudelaire's 1860 translation would then spread the influence of the *Confessions* into the French-speaking realm.

Confessions of a Raging Perfectionist Jun 18 2020 Amanda is a raging perfectionist. She begins each day with a long list. "Keep the house picked up; limit myself to two Diet Cokes; spend special time with each of the kids; work out; pray; avoid sugar; read a chapter in a book about something very important; read my Bible; call my mom." She determines each day's worth, and ultimately her own, by keeping track of her stats—pounds gained or lost, stuff accomplished. That is, until God spoke into her life, waking her up to the true costs of her addiction to perfection. *Confessions of a Raging Perfectionist* is more than Amanda's confession; it's a journey of letting go of the subtle

but destructive idols of her overactive inner voice and replacing them with God's truth. Amanda hopes her journey can inspire others to let God dig in to their own lives, uncovering the subtle lies we unconsciously live by.

Set against the backdrop of seventeenth-century Holland, *CONFESSIONS OF AN UGLY STEPSISTER* tells the story of Iris, an unlikely heroine who is swept from the lowly streets of Haarlem to a strange world of wealth, artifice, and ambition. Iris's path becomes intertwined with that of Clara, the mysterious and unnaturally beautiful girl destined to become her sister. While Clara retreats to the cinders of the family hearth, Iris seeks out the shadowy secrets of her new household - and the treacherous truth of her former life.

Consciousness Jun 11 2022 In which a scientist searches for an empirical explanation for phenomenal experience, spurred by his instinctual belief that life is meaningful. What links conscious experience of pain, joy, color, and smell to bioelectrical activity in the brain? How can anything physical give rise to nonphysical, subjective, conscious states? Christof Koch has devoted much of his career to bridging the seemingly unbridgeable gap between the physics of the brain and phenomenal experience. This engaging book—part scientific overview, part memoir, part futurist speculation—describes Koch's search for an empirical explanation for consciousness. Koch recounts not only the birth of the modern science of consciousness but also the subterranean motivation for his quest—his instinctual (if "romantic") belief that life is meaningful. Koch describes his own groundbreaking work with Francis Crick in the 1990s and 2000s and the gradual emergence of consciousness (once considered a "fringy" subject) as a legitimate topic for scientific investigation. Present at this paradigm shift were Koch and a handful of colleagues, including Ned Block, David Chalmers, Stanislas Dehaene, Giulio Tononi,

Wolf Singer, and others. Aiding and abetting it were new techniques to listen in on the activity of individual nerve cells, clinical studies, and brain-imaging technologies that allowed safe and noninvasive study of the human brain in action. Koch gives us stories from the front lines of modern research into the neurobiology of consciousness as well as his own reflections on a variety of topics, including the distinction between attention and awareness, the unconscious, how neurons respond to Homer Simpson, the physics and biology of free will, dogs, *Der Ring des Nibelungen*, sentient machines, the loss of his belief in a personal God, and sadness. All of them are signposts in the pursuit of his life's work—to uncover the roots of consciousness.

Confessions of a Thug Apr 09 2022 Philip Meadows Taylor's *Confessions of a Thug* (1839) is the most influential novel about India before Kipling's *Kim* and was one of the best-selling crime novels of the nineteenth century. In the course of a confession to a white 'sahib' the imprisoned Ameer Ali recounts his life as a devoted follower of Thuggee, a secret religious cult practising ritual mass murder and robbery. Taylor uncovered evidence of the crimes committed by bands of Thugs as a Superintendent of Police in India during the 1820s. Introducing a new standard of ethnographic realism to western fiction about India, *Confessions of a Thug* is a strikingly vivid, chilling and immensely readable thriller. This unique critical edition makes available a fascinating and significant work of Empire writing.

Confessions of a Yakuza Jan 18 2023 This is the true story, as told to the doctor who looked after him just before he died, of the life of one of the last traditional yakuza in Japan. It wasn't a "good" life, in either sense of the word, but it was an adventurous one; and the tale he has to tell presents an honest and oddly attractive picture of an insider in that separate, unofficial world. In his low, hoarse voice, he describes the random events that led the son of a prosperous country shopkeeper to become a member, and ultimately the leader, of a gang organizing illegal dice games in Tokyo's liveliest entertainment area. He talks about his first police raid, and the brutal interrogation and imprisonment that followed it. He remembers his first love affair, and the girl he ran away with, and the weeks they spent wandering about the countryside together. Briefly, and matter-of-factly, he describes how he cut off the little finger of his left hand as a ritual gesture of apology. He explains how the games were run and the profits spent; why the ties between members of "the brotherhood" were so important; and how he came to kill a man who worked for him.

What emerges is a contradictory personality: tough but not unsentimental; stubborn yet willing to take life more or less as it comes; impulsive but careful to observe the rules of the business he had joined. And in the end, when his tale is finished, you feel you would probably have liked him if you'd met him in person. Fortunately, Dr. Saga's record of his long conversations with him provides a wonderful substitute for that meeting.

Confessions of a Bookseller Mar 08 2022 A funny memoir of a year in the life of a Scottish used bookseller as he stays afloat while managing staff, customers, and life in the village of Wigtown. Inside a Georgian townhouse on the Wigtown highroad, jammed with more than 100,000 books and a portly cat named Captain, Shaun Bythell manages the daily ups and downs of running Scotland's largest used bookshop with a sharp eye and even sharper wit. His account of one year behind the counter is something no book lover should miss. Shaun drives to distant houses to buy private libraries, meditates on the nature of independent bookstores ("There really does seem to be a serendipity about bookshops, not just with finding books you never knew existed, or that you've been searching for, but with people too."), and, of course, finds books for himself because he's a reader, too. The next best thing to visiting your favorite bookstore (shop cat not

included), *Confessions of a Bookseller* is a warm and welcome memoir of a life in books. It's for any reader looking for the kind of friend you meet in a bookstore. Praise for Shaun Bythell and *Confessions of a Bookseller* "Something of Bythell's curmudgeonly charm may be glimpsed in the slogan he scribbles on his shop's blackboard: "Avoid social interaction: always carry a book." —The Washington Post "Bythell's wicked pen and keen eye for the absurd recall what comic Ricky Gervais might say if he ran a bookshop." —The Wall Street Journal "Irascibly droll and sometimes elegiac, this is an engaging account of bookstore life from the vanishing front lines of the brick-and-mortar retail industry. Bighearted, sobering, and humane." —Kirkus Reviews "Amusing and often cantankerous stories [that] bibliophiles will delight in, and occasionally wince at." —Publishers Weekly

Confessions of an English Opium-Eater and Other Writings

Nov 04 2021

The first literary addiction memoir, featuring the autobiographical *Suspiria de Profundis*, the inspiration for the 2018 horror film *Suspiria*, starring Dakota Johnson and Tilda Swinton and directed by Luca Guadagnino In this remarkable autobiography, Thomas De Quincey hauntingly describes the surreal visions and hallucinatory nocturnal wanderings he took through London—and the nightmares, despair, and paranoia to which he became prey—under the influence of the then-legal painkiller laudanum. Forging a link between artistic self-expression and addiction, *Confessions of an English Opium-Eater and Other Writings* seamlessly weaves the effects of drugs and the nature of dreams, memory, and imagination. First published in 1821, it paved the way for later generations of literary drug users, from Baudelaire to Burroughs, and anticipated psychoanalysis with its insights into the subconscious. This edition is based on the original serial version of 1821, and reproduces two "sequels": *Suspiria de Profundis* (1845) and *The English Mail-Coach* (1849). It also includes a critical introduction discussing the romantic figure of the addict and the tradition of confessional literature, and an appendix on opium in the nineteenth century. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Unnatural Death Dec 05 2021 * JFK's autopsy failed to disclose crucial evidence. * The deaths of John Belushi and Elvis Presley were far more complex than anyone has let on. * Decisive medical findings in the von Bulow affair were consistently overlooked. These are but three of the shocking revelations in Dr. Michael Baden's first-person, no-holds-barred account of his distinguished career in forensic pathology. In determining the causes of tens of thousands of deaths, from those of presidents and rock stars to victims of serial killings, exotic sex rituals, mass disasters, child abuse and drug abuse, Baden has come to the unavoidable conclusion that the search for scientific truth is often sullied by the pressures of expediency. He produces dramatic evidence to demonstrate that political intrigue, influence peddling, and professional incompetence have created a national crisis in forensic medicine. "A fascinating look into the mechanics of forensics and a disconcerting lesson in the politics of death." -- The New York Times Book Review

The New Confessions of an Economic Hit Man Dec 13 2019 Shocking Bestseller: The original version of this astonishing tell - all book spent 73 weeks on the New York Times bestseller list, has sold more than 1.25 million copies, and has been translated into 32 languages. New Revelations: Featuring 15 explosive new chapters, this expanded edition of Perkins's classic bestseller brings the story of economic hit men (EHMs) up to date and, chillingly, home to the US. Over 40 percent of the book is new, including chapters identifying today's EHMs and a detailed chronology extensively documenting EHM activity since the first edition was published in 2004. Former economic hit man John Perkins shares new details about the ways he and others cheated countries around the globe out of trillions of dollars. Then he reveals how the deadly EHM cancer he helped create has spread far more widely and deeply than ever in the US and everywhere else - to become the dominant system of business, government, and society today. Finally, he gives an insider view of what we each can do to change it. Economic hit men are the shock troops of what Perkins calls the corporatocracy, a vast network of corporations, banks, colluding governments, and the rich and powerful people tied to them. If the EHMs can't maintain the corrupt status quo through nonviolent coercion, the jackal assassins swoop in. The heart of this book is a completely new section, over 100 pages long, that exposes the fact that all the EHM and jackal tools - false economics, false promises, threats, bribes, extortion, debt, deception, coups, assassinations, unbridled military power - are used around the world today exponentially more than during the era Perkins exposed over a decade ago. The material in this new section ranges from the Seychelles, Honduras, Ecuador, and Libya to Turkey, Western Europe, Vietnam, China, and, in perhaps the most unexpected and sinister development, the United States, where the new EHMs - bankers, lobbyists, corporate executives, and others - "con governments and the public into submitting to policies that make the rich richer and the poor poorer." But as dark as the story gets, this reformed EHM also provides hope. Perkins offers a detailed list of specific actions each of us can take to transform what he calls a failing Death Economy into a Life Economy that provides sustainable abundance for all.

Confessions of a Funeral Director Mar 16 2020 The blogger behind Confessions of a Funeral Director—what Time magazine called a "must read"—reflects on mortality and the powerful lessons death holds for every one of us in this compassionate and thoughtful spiritual memoir

that combines the humor and insight of *Smoke Gets in Your Eyes* with the poignancy and brevity of *When Breath Becomes Air*. We are a people who deeply fear death. While humans are biologically wired to evade death for as long as possible, we have become too adept at hiding from it, vilifying it, and—when it can be avoided no longer—letting the professionals take over. Sixth-generation funeral director Caleb Wilde understands this reticence and fear. He had planned to get as far away from the family business as possible. He wanted to make a difference in the world, and how could he do that if all the people he worked with were . . . dead? Slowly, he discovered that caring for the deceased and their loved ones was making a difference—in other people's lives to be sure, but it also seemed to be saving his own. A spirituality of death began to emerge as he observed: The family who lovingly dressed their deceased father for his burial The act of embalming a little girl that offered a gift back to her grieving family The nursing home that honored a woman's life by standing in procession as her body was taken away The funeral that united a conflicted community Through stories like these, told with equal parts humor and poignancy, Wilde offers an intimate look into the business and a new perspective on living and dying

Confessions of a Video Vixen Jul 12 2022 Part tell-all, part cautionary tale, this emotionally charged memoir from a former video vixen nicknamed 'Superhead' goes beyond the glamour of celebrity to reveal the inner workings of the hip-hop dancer industry—from the physical and emotional abuse that's rampant in the industry, and which marked her own life—to the excessive use of drugs, sex and bling. Once the sought-after video girl, this sexy siren has helped multi-platinum artists, such as Jay-Z, R. Kelly and LL Cool J, sell millions of albums with her sensual dancing. In a word, Karrine was H-O-T. So hot that she made as much as \$2500 a day in videos and was selected by well-known film director F. Gary Gray to co-star in his film, *A Man Apart*, starring Vin Diesel. But the film and music video sets, swanky Hollywood and New York restaurants and trysts with the celebrities featured in the pages of *People* and *In Touch* magazines only touches the surface of Karrine Steffans' life. Her journey is filled with physical abuse, rape, drug and alcohol abuse, homelessness and single motherhood—all by the age of 26. By sharing her story, Steffans hopes to shed light on an otherwise romanticised industry and help young women avoid the same pitfalls she encountered. If they're already in danger, she hopes to inspire them to find a way to dig themselves out of what she knows first-hand to be a cycle of hopelessness and despair.
