The Face in the Frost Jan 19 2020 A fantasy classic by the author of *The House with a Clock in Its Walls*—basis for the Jack Black movie—and “a writer who knows what wizardry is all about” (Ursula K. Le Guin). A richly imaginative story of wizards stymied by a power beyond their control, *A Face in the Frost* combines the thrills of a horror novel with the inventiveness of fairy tale-inspired fantasy. Prospero, a tall, skinny misfit of a wizard, lives in the South Kingdom—a patchwork of feuding duchies and small manors, all loosely loyal to one figurehead king. Along with his necromancer friend Roger Bacon, who has been on a quest to find a mysterious book, Prospero must flee his home to escape ominous pursuers. Thus begins an adventure that will lead him to a grove where his old rival, Melichus, is falsely rumored to be buried and to a less-than-hospitable inn in the town of Five Dials—and ultimately into a dangerous battle with origins in a magical glass paperweight. Lin Carter called *The Face in the Frost* one of “the best fantasy novels to appear since *The Lord of the Rings* . . . Absolutely first class.” With a unique blend of humor and darkness, it remains one of the most beloved tales by the Edgar Award-nominated author also known for the long-running *Lewis Barnavel* series.

Dragons' Plight Jul 05 2021 Marta couldn't sleep. She tossed and turned, beat up her pillow, changed positions a million times, covered up and uncovered, but sleep was not to be. She kept imagining the type of cruel people that would hunt a dragon, let alone a she dragon. How would they get that close to her without her knowledge? Was a friend or someone sent to collect the eggs before the hatching? All these thoughts kept circling in Marta's thoughts. When she did finally dose off, her dreams were filled with terrible screams and vicious battle cries. And blood, the sacred blood of the dragon mixed with the tainted blood of the criminals, except this blood was Namahline's. Waking with a start and barely stopping a scream herself, Marta slipped from her room out to the crutch. As she entered Nama lifted her head gazing on Marta with sleepy eyes. What brings you here in the middle of night, Marta? I am troubled with dreams when I do sleep and sleeplessness when I can't. Would you care to sit with me awhile, then? Yes, Namahline, you are a great friend. Marta stepped into Nama's stall and curled into her side. Nama exuded a calming mind chant and soon Marta was sleeping quite peacefully.

Stanley S. Dragon Dec 30 2020 I hope you enjoyed my first book. You will be seeing a lot more Stanley Stories in the years to come. I suspect that you are wondering if you should believe that dragons ever existed. There is evidence that shows that dragon like creatures did roam the earth and science is still uncovering many artifacts that show that there might have been many different species. Whether some consider them flying or roaming dinosaurs or if they were actually dragons is a matter of expert opinion. I became interested in dragons when a good friend and I were talking about them when I was in the 4th grade. From there I started studying scientific data and collecting stuffed replicas. Now I enjoy sharing what I have learned and putting a personality on my characters.
