**Danville** Jul 18 2022 Danville, created in 1824 as the county seat of Hendricks County, was the hub of government, commerce, and agriculture. Farmers sold their crops in town and shopped there. As the agricultural economy diminished, Danville became home to workers commuting to Indianapolis. Danville residents have always valued education. On May 10, 1878, at the

instigation of Prof. W. F. Harper of the Central Normal School of Ladoga, 50 farm wagons from Danville arrived at Ladoga and stole the whole school, including equipment, students, faculty, and baggage. Central Normal College was then installed in the facility previously housing the Hendricks County Seminary and the Danville Academy. From 1878 to 1951, Central Normal College was a Danville institution, turning out more than 75,000 graduates destined for leadership roles in education, business, law, and politics.

San Ramon Valley Nov 22 2022 The San Ramon Valley stretches for 20 beautiful miles under the shadow of Mount Diablo and includes the bustling communities of San Ramon, Alamo, and Danville. Some 113,000 people make their homes here in a scenic area of open spaces, gracious homes, and tree-lined streets. Also here are major business hubs and the winding Interstate 680 freeway. Of course, this valley wasn't always so populous. In the 1850s, while nearby San Francisco boomed and Oakland grew up, this valley remained rural. Mount Diablo became an important early survey marker during California's gold rush, but only in recent decades have the early ranchos and small villages given way to the modern cities we know today.

**Firefighter Fatality Retrospective Study** Jan 12 2022 This analysis sought to identify trends in mortality and examine relationships among data elements. To this end, data were collected on firefighter fatalities between 1990 and 2000. (For further information, see the "Methodology" section or the Appendix.) Using this analysis, better targeted prevention strategies can be developed in keeping with the USFA's goal to reduce firefighter deaths 25 percent by 2005. In contrast to the annual USFA firefighter fatality reports, this analysis allowed for comparisons over time to determine any changes in firefighter mortality, with a depth of scrutiny not present in earlier analyses.

*Employee Recognition Program* Sep 20 2022 The problem is the Danville Fire Department (DFD) has neglected to implement an Employee Recognition Program (ERP); resulting in low morale and decreased levels of motivation. The purpose of the research was to identify the elements to be included and develop an ERP that will be valued by the members of the DFD. An action research method was used to research and develop a Standard Operating Guideline (SOG) for the new ERP.

*Danville* Jun 17 2022 Danville, known as the City of Firsts and Birthplace of the Bluegrass, is nestled in the heart of Kentucky. Its location on a branch of the Wilderness Road, a trail blazed through frontier lands by Daniel Boone and other like-minded pioneers, allowed Danville to burgeon into a political, cultural, and educational hub in the late 18th century. Danville was settled between 1783 and 1784 by Walker Daniel, for whom the town was named. A series of constitutional conventions that led to Kentucky's statehood in 1792 were held in Danville, and the town has remained an integral piece of state history since. The images in this volume reflect the firsts for which Danville is famous: the Kentucky School for the Deaf, Centre College, the home of famed physician Ephraim McDowell, and more, as well as featuring photographs of everyday life: churches, restaurants, and businesses so fondly recalled by its citizens.
