The best years of my life were spent being a caretaker to someone else...with no one to take care of me. So I moved to Paris for my study-abroad program and ended up staying, getting a French Literature degree, studying the classics while sipping the best wine I'd ever had. My sister never makes the best decisions, always makes messes to clean up, and it's finally time for me to have my own life. But when she comes to Paris for a visit...she brings trouble with her. She gets herself into a bad situation, and of course, I come to her rescue...like I always do. Now we're in a labor camp in the middle of nowhere, surrounded by endless snow and mountains, processing drugs for a group of men that never show their faces. There's no chance of escape in this wilderness. Except for my guard. He's not a saint, but he's the only man that's kind to me. He knows I want to escape, but he never reports me. When I've had a hard day, he brings me extra things to make my life easier. He tells me not to run because I'll never make it...but he brings me little hidden tools...as if he's giving me the means. Like he wants me to be free. Abandoned by a rogue Betrothed to an earl she had never met, Charlotte Haversham arrived at Balfurin, hoping to find love at the legendary Scottish castle. 1903. Thomas Nelson Page, author of short stories, novels, essays, and poetry, is best known for his role as literary spokesman for the glories of the Old South. Gordon Keith begins: Gordon Keith was the son of a gentleman. And this fact, like the cat the honest miller left to his youngest son, was his only patrimony. As in that case also, it stood to the possessor in the place of a good many other things. It helped him over many rough places. He carried it with him as a devoted Romanist wears a sacred scapular next to the heart. See other titles by this author available from Kessinger Publishing.
