A bond forged in blood. Fealty given to the one he desires above all others. Graced with the ability to shift into any form, Diskant Black is the absolute authority when it comes to New York shifters, and as the Omega of the city his word is law. Protecting the shifter races is more than a job, it's a predisposition ingrained since birth-nothing is more important. Until a chance encounter with a tiny female sets fire to his blood, brings him to his knees and turns his world upside down. Ava Brisbane is more than he bargained for in a mate-beautiful, fragile...human. If he wants to keep her by his side, he'll have to sacrifice a portion of his soul to establish a bond that can never be broken. Unfortunately the timing couldn't be worse. Shepherds-the hunters of all the shifter races-have arrived in New York. To protect the woman he can't live without, Diskant will have to stand against those who have come to start a war. **OMEGA MINE contains explicit sexual content, graphic language, and situations that

some readers may find objectionable.** Marcel and Paddy, the two wacky, quacky friends from Alpha and Omega, star in this hilarious adventure that will keep both children and parents laughing. With short sentences and basic vocabulary words, this book is perfect for movie fans just learning to read on their own. The book will also feature a foreword from one of the movie's stars! Where do we go to learn how to read the Bible? My answer is simple: Jesus. We have a record of the way Jesus approached, viewed, interpreted, and applied Scripture to His own life and to those around Him. As a matter of first priority, everyone who professes to follow Christ should read the scriptures the way He did. There is something disarming about looking at the way Jesus approached Scripture. Regardless of theological distinctives, true Christians have two things in common. First, they want to be more like Christ. Second, they want to understand the Bible better. These two commitments are enough for those wishing to improve their understanding of Scripture. This book focuses on the way Jesus interpreted Scripture and was revealed through Scripture ... The ultimate goal of this book is for my readers to know the Christ of Scripture more intimately by using sound principles of biblical interpretation that come from Jesus Himself. (From the Introduction) Mated werewolves Charles Cornick and Anna Latham must discover what could make an entire community disappear--before it's too late--in this thrilling entry in the #1 New York Times bestselling Alpha and Omega series. Somehow, the pack of the Wolf Who

Rules is connected to a group of vanished people. Werewolves Charles Cornick and Anna Latham are tasked with investigating, and soon find that a deserted town is the least of the challenges they face. Death sings in the forest, and when it calls, Charles and Anna must answer. Something has awakened in the heart of the California mountains, something old and dangerous--and it has met werewolves before. THE #1 NEW YORK TIMES BESTSELLER In her bestselling Alpha and Omega series, Patricia Briggs "spins tales of werewolves, coyote shifters, and magic and, my, does she do it well" (USA Today Online). Now mated werewolves Charles Cornick and Anna Latham face a threat like no other--one that lurks too close to home... They are the wild and the broken. The werewolves too damaged to live safely among their own kind. For their own good, they have been exiled to the outskirts of Aspen Creek, Montana. Close enough to the Marrok's pack to have its support; far enough away to not cause any harm. With their Alpha out of the country, Charles and Anna are on call when an SOS comes in from the fae mate of one such wildling. Heading into the mountainous wilderness, they interrupt the abduction of the wolf--but can't stop blood from being shed. Now Charles and Anna must use their skills--his as enforcer, hers as peacemaker--to track down the attackers, reopening a painful chapter in the past that springs from the darkest magic of the witchborn... A companion novella to Cry Wolf—from the #1 New York Times bestselling author of the Mercy Thompson novels. Reluctant werewolf Anna Latham finds a new sense of self when the son of the werewolf king comes to town to quell unrest in the Chicago pack—and inspires a power in Anna she's never felt before... An original book examining the concept of the Devil in English culture between the Reformation and the end of the English Civil War. Nathan Johnstone looks at the ways in which beliefs about the nature of the Devil and his power in human affairs changed as a consequence of the Reformation, and its impact on religious, literary and political culture. He

moves away from the established focus on demonology as a component of the belief in witchcraft and examines a wide range of religious and political milieux, such as practical divinity, the interiority of Puritan godliness, anti-popery, polemic and propaganda, and popular culture. The concept of the Devil that emerged from the Reformation had a profound impact on the beliefs and practices of committed Protestants, but it also influenced both the political debates of the reigns of Elizabeth I, James I and Charles I, and in popular culture more widely. Silver Marked Frost Burned Night Broken Fire Touched Silence Fallen Storm Cursed Smoke Bitten Sianim series Aralorn: Masques and Wolfsbane The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. After years at the bottom of the pack, Anna has learned never to trust dominant males, until Charles Cornick, the enforcer and leader of the North American werewolves, declares her his mate, revealing her destiny as an Omega wolf. Bane is a girl with much baggage. Some would say too much baggage. Not being able to shift and defend herself from her father she sees no light to this dark tunnel she is currently in. That is until she meets the Big Bad Alpha Damien. Alpha Damien is close to losing hope of ever finding his mate. So much so that he he does encounter his mate he does something unforgivable. Will she be able to forgive him? Or will he end up treating her just like the man in her nightmares? The original scriptures have been repeatedly translated for thousands of years. But along the way, mankind has added to & taken away from it, as was warned in the last verses of Revelation. The Alpha & Omega Bible (AOB) restores much of the ancient writings. For example, during the Assyrian & Babylonian captivities, The Creator's Name was removed from the Old Testament. It is documented fact that words "The LORD" replaced the name of GOD. The AOB restores The Creator's Name. This study bible also does not follow suite of the traditional Assyrian Babylonian doctrines of man's religions. Political correction & religious tradition gets thrown overboard in preference for the unfiltered, uncompromised truth! The AOB is based primarily upon the Greek Septuagint, but also considers older Paleo-Hebrew fragments, in attempt to recreate the original scriptures. The AOB is available in 5 volumes. This is Volume 1: The Law/Torah/Pentateuch which is the first 5 books of the bible. This is the large print color edition. The words of GOD are in red in Genesis, Exodus & a few other select verses. Other volumes are: 2. History 3. Psalms & Wisdom (Hagiographa) 4. Prophets 5. New Testament Part of a series offering help in teaching reading, writing and

spelling to both adults and children with learning difficulties, including dyslexia. This pack consists of notes for teachers and parents, and photocopiable worksheets which provide a bridge between the first two stages of the series. Kate and Humphrey have been kidnapped and taken to Twin Falls, Idaho. But they have to make it back to Jasper Park in time to stop their pack from going to war with another pack! With the help of their webbed-foot friends, these two wolves will attempt to survive the wilderness, fur-raising train rides, and each other. There will also be a foreword from one of the movie's stars, an eight-page color insert, and thirty pages of real wolf facts! Since A BRIEF HISTORY OF TIME scientists have been in the midst of a revolution in cosmology. Gradually, astronomers and physicists are answering questions that have plagued mankind since prehistory: how was the universe born, how will it end? They are even now peering into the cradle of the universe - and into its grave. By the beginning of next year, scientists will have a clue to some of the answers. These will be among the greatest triumphs of science. This book tells that story and will reveal results of the most advanced experiments in cosmology ever conducted. It's a tale of men solving the insoluble, of the controversy and anger of rivals after the same goal. Even more thrillingly - it is a lucid explanation of new scientific ideas that stretch man's powers of understanding to their highest levels. Fans of Alpha and Omega will love reliving all of their favorite movie moments in this hilarious 8x8 flip book. One side has Kate and Humphrey's story straight from the wolves' mouths, and the other side is filled with fun real wolf facts! Princess Kinsey has been given four Alpha slaves, and she must choose one to impregnate her. Aubrey, a She-Alpha, was sold into slavery at an early age due to her misunderstood "degenerate" nature. Trapped in the Tharnstone Castle, Aubrey has a chance to win her freedom, if she can show her Alpha's worthiness and be chosen to impregnate the princess. But when she learns the Alpha will be forbidden to see the child, she considers the real cost of freedom. Kinsey will one day be the Omega queen of her father's kingdom, but first she must provide an heir for the House of Wymarc. All she must do is pick an Alpha, despite her aversion towards them. But she soon discovers there's

more to some Alphas, than the volatile, dull beasts she's used to. Now, the choice isn't so simple. * * * Of Iron and Gold is a third-person, fantasy romance F/F Omegaverse standalone novel. From acoustics to zygote, they provide not only an engaging romp through the Greek language but also a series of glimpses into the world and man's place in it. mutation that divides twins in life and unites them in death—the “refreshingly nuanced” (Booklist, starred review) first novel in award-winning poet Francesca Haig’s richly imagined and action-packed post-apocalyptic trilogy “is poised to become the next must-read hit” (Kirkus Reviews, starred review). Four hundred years after a nuclear apocalypse, all humans are born in pairs: the deformed Omegas, who are exploited and oppressed, and their Alpha twins, who have inherited the earth—or what’s left of it. But despite their claims of superiority, the Alphas cannot escape one harsh fact: whenever one twin dies, so does the other. Cass is a rare Omega whose mutation is psychic foresight—not that she needs it to know that as her powerful twin, Zach, ascends the ranks of the ruling Alpha Council, she’s in grave danger. Zach has a devastating plan for Omega annihilation. Cass has visions of an island where a bloody Omega resistance promises a life of freedom. But her real dream is to discover a middle way, one that would bring together the sundered halves of humanity. And that means both the Council and the resistance have her in their sights. the activities to the National Curriculum requirements. THE ALPHA OMEGA TAURUS STAR GATE This full color edition will interest both modern truth seekers and also those of a firm belief. Although it reveals the reality of those we call 'angels', it beckons the reader to keep an open mind as to how these 'angels' can be scientifically justified. In doing so, the new findings take the reader to a whole new level that verifies the benevolence of these visitors from above and all the sacred teachings about them. Exposing historical subject matter pertaining to both the paranormal and 'ancient alien' genre that has been deemed 'forbidden', this book brings to light some key prophecy breakthroughs encoded in the biblical Revelation; the discovery of real historical star gate devices; a cosmic address; and the probability of an imminent cosmic visitor event. It is a book that is anything but fiction! Due to the high-risk journey undergone in publishing 'The Hidden Records Chronicles' series, the author has deliberately opted for a less academic, far 'safer' New Age style in the presentation of the content rather than an academic one. Moreover, this publication has 'embedded' in it a very deep psychological spiritual inspiration that readers will experience acting deeply on the psyche - subconsciously lifting the veil to awaken one's consciousness. The year 2017 saw a massive chamber uncovered inside the Great Pyramid. What can we expect to find in it? How can we be sure what it is? The ancients have left a record of it... a 'device'... a star gate! The same year also marked the first ever sighting of a deep-space-origin cylindrical object passing through our solar system. The powers that be were persistent in trying to make it look like a comet but provided no answer as to how it could alter its speed. It was not a rock and the timing of it coincides with this book's new discoveries. The author's first book 'The Hidden Records' published in 2003 compellingly decodes secret symbols and ancient star maps in all ancient civilisations, shocking his readers with his very original Pleiades/Orion star-map star-visitor human origins theory identifying the 'x' that marks the spot. All facts considered; it boldly proposes that humanity originated from one of three sun-like stars near the Pleiades as an arrival. Defining the 'first time' for civilisation on Earth and replacing the doomed Neanderthal. Now with

the launch of this 'end times' book, Wayne Herschel takes his established theories a notch higher. This new book begs the question: Are we actually in the 'end times', the end of a chaos period, beginning a new way forward and unveiling what might be an official prophesied 'first contact' event? The two enigmatic symbols of the Alpha and Omega reveal a message. And when compared to segments of the book of Revelation texts, the unthinkable is revealed by these symbols. A hidden world crisis is identified occurring right now, coinciding with an end time prophecy and the relevance of star gates, as well as a revival of the lost knowledge of the actual star gate devices! Readers get to go on a non-dramatized journey with a real symbologist using reasoning and logic, painstakingly decoding each clue previously deemed forbidden. Who would have imagined that the recent deep space object called Oumuamua and the discovery of Atlantis would be tied in with the star maps, the star gate and our amazing ancient-'alien' angelic-bloodline human past? It has 285 pages and detailed full-color graphics and images. There is also the means to access an online gateway with hyperlink-referenced links to free view extra content (limited offer for anyone who purchases the paperback). Omega Maya keeps to herself working the fringes of known space to salvage derelict ships and other resources. She wants nothing to do with Alphas, so when Remy shows up at her current salvage operation, she's at first displeased. He soon starts to win her over, but when her suppressant stops working, and he realizes she's an Omega, he's intent on claiming her. Maya doesn't want to be any Alpha's Omega, even Remy's. Can she enjoy the pleasure he offers without surrendering everything she is and believes in or succumbing to her biological imperative to submit? Remy's been searching for his Omega for years, and he's convinced he's found her in Maya. She stirs his need to love and protect, and it pains him that she doesn't want what he's offering. He understands the traumas in her past, but can he help her overcome them to embrace a future together? #1 New York Times bestselling author Patricia Briggs' third Alpha and Omega novel brings werewolves out of the darkness and into a society where fear and prejudice could turn the hunters into the prey... It is said that opposites

attract. And in the case of werewolves Anna Latham and Charles Cornick, they mate. The son—and enforcer—of the leader of the North American werewolves, Charles is a dominant Alpha. While Anna, an Omega, has the rare ability to calm others of her kind. When the FBI requests the pack's help on a local serial-killer case, Charles and Anna are sent to Boston to join the investigation. It soon becomes clear that someone is targeting the preternatural. And now Anna and Charles have put themselves right in the killer's sights... Stranger Things meets Black Mirror and Ready Player One in this unsettling, near-future science fiction standalone. Something is rotten in the state of the NutriStart Skills Academy With the discovery of a human skull on the playing fields, children displaying symptoms of an unfamiliar, grisly virus and a catastrophic malfunction in the site's security system, the NSA is about to experience a week that no amount of rebranding can conceal. As the school descends into chaos, teacher Tom Rosen goes looking for answers - but when the real, the unreal and the surreal are indistinguishable, the truth can be difficult to recognise. One pupil, Gabriel Backer, may hold the key to saving the school from destroying itself and its students, except he has already been expelled. Not only that - he has disappeared down the rabbit-hole of "Alpha Omega" - the world's largest VR role-playing game, filled with violent delights and unbridled debauchery. But the game quickly sours. Gabriel will need to confront the real world he's been so desperate to escape if he ever wants to leave... Life doesn't always go as planned. Jace had always assumed he would present as an alpha. Looks, attitude, aptitude, it all fit. When his results came back omega, he lost his scholarships, his life plan, and his identity. Unable to change himself to meet society's expectations of an omega, he finds himself adrift. Our designation doesn't define who we are. Naheed has seen the dark side of being an alpha, both in his own life as well as in his work at an omega shelter. He can't imagine finding an omega he can trust not to be intimidated by him when he doesn't always trust himself. When Naheed and Jace meet at Cafe Om, sparks fly. And even though they fight it, both men are drawn together by an attraction they can't resist. Each man needs someone who will accept him for who he is. Can

they find that in each other? Embracing His Omega is a knotty M/M mpreg non-shifter romance featuring a non-traditional omega, an empathetic alpha, steamy heat, and a cute little bundle of joy. It is the first book in the Café Om Love series. This edition is a re-release with brand new content. New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days—and a discovery in the Middle East that turns the world upside down. What would happen if the ancient prophecy of the End of Days came true? It is certainly the last thing Eric Katz, a secular archaeologist from Los Angeles, expects during what should be a routine dig in Jerusalem. But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America, a dirty bomb is detonated in downtown Tel Aviv, and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount. There, Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again. Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events, and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny? But as to what that force desires . . . well, that is the question. The very best of the world's best researchers have discovered a way to develop Africa: Way Omega. Now Africa's heads of state are at a summit to approve it. If they do, it promises Africa will start developing immediately. Unknown to the summit are aggrieved conspirators plotting to defeat Way Omega and replace it with a rival strategy: Path Alpha. Their path, they say, is the only way. Should the summit still follow Way Omega, or make a U-turn? Fathers of Nations is a satire on contemporary African politics. Dr. Megan McAllister was already a pretty unique human -- NASA astronaut, professional astronomer, polymath -- when she encountered the man in the black Suit that night in west Texas. What Division One Agent Echo didn't know, when he recruited her to the Agency, was that she was even more special. But he'd find out, soon enough. Stephanie Osborn, aka the Interstellar Woman of Mystery, former rocket scientist and author of acclaimed science fiction mysteries, goes back to the urban legend of the

unique group of men and women who show up at UFO sightings, alien abductions, etc. and make things...disappear...to craft her vision of the universe we don't know about. Her new series, Division One, chronicles this universe through the eyes of recruit Megan McAllister, aka Omega, and her experienced partner, Echo, as they handle everything from lost alien children to extraterrestrial assassination attempts and more.
