Lena Duchannes is unlike anyone the small Southern town of Gatlin has ever seen, and she's struggling to conceal her power and a curse that has haunted her family for generations. But even within the overgrown gardens, murky swamps and crumbling graveyards of the forgotten South, a secret cannot stay hidden forever.

Ethan Wate, who has been counting the months until he can escape from Gatlin, is haunted by dreams of a beautiful girl he has never met. When Lena moves into the town's oldest and most infamous plantation, Ethan is inexplicably drawn to her and determined to uncover the connection between them. In a town with no surprises, one secret could change everything. *Shadows of the Dark Crystal* is the first book in a series of young adult novels set in the world of Jim Henson's *The Dark Crystal* and ties into the Netflix *The Dark Crystal: Age of Resistance* series. The story takes place years before the events of the classic film and follows the journey of a young Gelfling woman who leaves her secluded home to uncover the truth surrounding the disappearance of her brother who has been accused of treason by the sinister Skeksis Lords. Praise for *Shadows of the Dark Crystal*: "With deft nods to the original *Dark Crystal* movie and a passionate attention to detail, the author has fashioned an impressive prequel. Fans (who will instantly recognize certain elements) and newcomers alike will find themselves immersed in a new narrative with new protagonists and dangers to face. Readers who crave otherworldly fantasy, such as Jaleigh Johnson's *The Mark of the Dragonfly* and Paul Durham's *The Luck Uglies* will enjoy discovering this new series." —School Library Journal "While young readers probably won't have seen the film, the books might lead them to it, even if they don't have that point of reference, Henson's world is richly imagined here, and it will be well worth the projected four books to explore the landscape, characters, and storylines." —The Bulletin of the Center for Children's Books "Characters and situations are compelling, and this first of a planned four-volume series aptly sets the stage and the conflict and tugs strongly on the heartstrings, setting readers up for more great adventures" —Booklist Before you watch the upcoming Netflix series, read the original novels from J. M. Lee (*The Dark Crystal: Age of Resistance*) that intertwine with the events of the series. Jim Henson's *The Dark Crystal: Shadows of the Dark Crystal* is set years before the events of the classic film and follows the journey of a young Gelfling woman who leaves her secluded home to uncover the truth surrounding the disappearance of her brother who has been accused of treason by the sinister Skeksis Lords. "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as

Previous titles in the series: Dark Angel, Twisted Heart The very idea that the teachings can be mastered will arouse controversy within Buddhist circles. Even so, Ingram insists that enlightenment is an attainable goal, once our fanciful notions of it are stripped away, and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self-absorbed mind-noise. Ingram sets out concisely the difference between concentration-based and insight (vipassana) meditation; he provides example practices; and most importantly he presents detailed maps of the states of mind we are likely to encounter, and the stages we must negotiate as we move through clearly-defined cycles of insight. It's easy to feel overawed, at first, by Ingram's assurance and ease in the higher levels of consciousness, but consistently he writes as a down-to-earth

and compassionate guide, and to the practitioner willing to commit themselves to the path. This is a glittering gift of a book. In this new edition of the bestselling book, the author has rearranged, revised and expanded upon the original material, as well as adding new sections that bring further clarity to his ideas.
