As a free-spirited, independent woman, Bronnie Ware was used to donning a variety of hats: singer, songwriter, author, speaker, traveler, and adventurer. And as her soul would have it in her mid-forties, she felt the urge to add one more, mother. Ware, author of *The Top Five Regrets of the Dying*, had learned many lessons as a palliative-care giver, and she began to absorb even more from the opposite end of the

spectrum as a giver of life. Only a few moments into motherhood, however, Ware's body had a different idea, when chronic crippling pain from an autoimmune disease took hold. In this inspiring memoir, Ware reminds us that whether life's lessons arrive through illness, trauma, or any other unexpected upheaval, life really does love us. By finding the courage to confront her upper limits, surrender to life's blessings, and have gratitude every step of the way, Ware discovered how to bloom in a field of formidable challenges. In this collection of poems, written in sequence with the unfolding of the narrator, we explore all of the habits, thought processes, and love stories that must be eradicated in order to meet our higher self. "This world makes it so easy to forget ourselves. Our souls are screaming to be seen and felt and we stuff cotton balls into our ears to drown out the noise. We put poison into our bodies to combat the hunger." From rising YouTube star Estée Lalonde comes a book that's about more than just living the perfect lifestyle; it's about giving readers the confidence to live the lifestyle that's perfect for you. What makes you happy? What makes you you? What defines your style? In Bloom, YouTube personality Estée Lalonde shares the moments, people and things that have made her who she is today. She reveals her life lessons, and offers her tips for surviving life and

finding yourself. With the same charming and friendly voice and advice that has made her a global star, Estee guides readers in discovering their own bloom story and celebrating what makes them unique. Life * People * Work * Beauty * Fashion * Home * Travel * Food

There was once a beautiful flower and a little girl who loved it. She talked to it every morning on her way to school. The owner of the flower shouted at her. The next day, the flower did not open. The angry man didn't understand. He tried watering it. He tried giving it shade and he tried talking to it. He told it how wonderful he was, how important his job was and how lonely he felt. But it still refused to open. So, he asked the little girl. "Why don't you tell it how wonderful it is and how much you love it?" she said. As he did so, his own heart filled with love. And the flower bloomed.

Presents a series of critical essays discussing the structure, themes, and subject matter of the epic poem which relates the exploits of the Anglo-Saxon warrior Beowulf, and how he came to defeat the monster Grendel. Starting from the botanical crazes inspired by Linnaeus in the eighteenth century, and exploring the variations it spawned--natural history, landscape architecture, polemical battles over botany's prurience--this study offers a fresh, detailed reading of the courtship novel from Jane Austen to George Eliot and Henry James. By reanimating a cultural

understanding of botany and sexuality that we have lost, it provides an entirely new and powerful account of the novel's role in scripting sexualized courtship, and illuminates how the novel and popular science together created a cultural figure, the blooming girl, that stood at the center of both fictional and scientific worlds. Inspiring new ways to connect with the beauty of flowers in everyday life. Like the author's exquisite first book, *Bringing Nature Home*, this much-awaited follow-up title presents stunning arrangements and ideas for interiors inspired by the beauty of flowers. Ngoc Minh Ngo has recorded the work of artists, designers, and tastemakers who demonstrate the many ways that flowers can enhance our homes and work spaces. Each chapter focuses on a unique way to incorporate floral designs into interiors, from flower arrangements made from foraged greenery to wall painting evoking Monet's water lilies to paper flowers that never lose their vibrancy. Renowned photographer Oberto Gili fills his house in Italy with treasures from his bountiful garden that inspire his work, and landscape designer Miranda Brooks puts to use her passion for all things botanical in the decoration of her beautiful Brooklyn home. With exceptional photography that captures the beauty of these flower-inspired homes and text that shares how these imaginative artists and designers achieved their

botanical creations, this is an irresistible book for flower lovers, decorators, and homeowners. The first book in a can't-put-it-down, can't-read-it-fast-enough action-thriller trilogy that's part Hatchet, part Alien! The invasion begins--but not as you'd expect. It begins with rain. Rain that carries seeds. Seeds that sprout--overnight, everywhere. These new plants take over crop fields,

twine up houses, and burrow below streets. They bloom--and release toxic pollens. They bloom--and form Venus flytrap-like pods that swallow animals and people. They bloom--everywhere, unstoppable. Or are they? Three kids on a remote island seem immune to the toxic plants. Anaya, Petra, Seth. They each have strange allergies--and yet not to these plants. What's their secret? Can they somehow be the key to beating back this invasion? They'd better figure it out fast, because it's starting to rain again....

The author shows in this book how a parish can incorporate its children into full participation with the worshiping community. Tapping their creativity to design a spectacular array of materials for worship -- a storyteller's cloak, prayer cards, confetti

Celebrating Dior's floral inspirations in fashion and perfume, this unique volume features a portfolio of rose portraits by acclaimed fashion photographer Nick Knight. For Christian Dior, perfume was "a door opening into a hidden world." His first, Miss Dior, inspired by the lush gardens of his childhood home in Normandy, forged an inextricable link between his fashion and fragrance creations. Other scents were inspired by evenings in southern France, lit with fireflies and scented with jasmine. The rose bowers of his family home in Granville; his old mill country house; and the Château de la Colle Noire near Grasse--where jasmine, tuberose, and May roses reign supreme and are still cultivated--inspired Dior's most memorable creations. Flowers were also at the heart of Dior's fashion, from the women-flowers that inspired the late 1940s New Look to the swishing, blossom-like ball gowns embroidered with lavish floral motifs. They have inspired all of the designers who followed him at the House of Dior, from Yves Saint Laurent to John Galliano, and Raf Simons to Maria Grazia Chiuri. This extraordinary volume blooms with color and inspiration, and includes rose portraits by Nick Knight, previously unpublished archival documents, exquisite details of embroidery and

fabrics, perfumes, fashion sketches, and sublime fashion photographs. question the very nature of theatrical illusion. *Hamlet: Poem Unlimited* is a hugely insightful and yet highly accessible exploration of Shakespeare's crowning achievement by a critic who is seen by many as his greatest living champion. Schiaparelli (1890–1973) felt “brutta” (ugly) and searched all around her for beauty. All she got was sick, but from that moment, she discovered her own wild imagination. In the 1920 and '30s, influenced by her friends in the surrealist art movement, Schiaparelli created a vast collection of unique fashion designs—hats shaped like shoes, a dress adorned with lobsters, gloves with fingernails, a dress with drawers and so many more. She mixed her own bold colors and invented her own signature shades, including shocking pink. Here at last is a comprehensive introduction to the career of America's leading intellectual. The Anatomy of Bloom surveys Harold Bloom's life as a literary critic, exploring all of his books in chronological order, to reveal that his work, and especially his classic *The Anxiety of Influence*, is best understood as an expression of reprobate American Protestantism and yet haunted by a Jewish fascination with the Holocaust. Heys traces Bloom's intellectual development from his formative years spent as a poor second-generation immigrant in the Bronx to his later eminence as an international literary phenomenon. He argues that, as the quintessential living embodiment of the American dream, Bloom's career-path deconstructs the very foundations of American Protestantism. Read what Bloom had to say on the world's great novelists including Miguel de Cervantes, Charles Dickens, Jane Austen, Franz Kafka, Ernest Hemmingway and more.
