There are some things you just have to deal with. Like your hot as hell college booty call moving in next door with his adorable daughter. The only time we've ever gotten along is under the sheets. Old habits die hard because two minutes on my front porch is how long it takes us to bicker. Not that a little fact like that bothers my healthy, eighty-year-old grandmother and roommate who's determined to see me married before she bites the dust. Unfortunately for me, she's got her eye set on Cameron Black. She's barking up the wrong tree. He's not The One, no matter how much I swoon when I see him with his daughter. I have no intentions of rekindling anything with him—until a rubber spider in my mailbox starts off the mother of all neighborhood prank wars, just like the ones we had in college, and throws me right into his path. One that leads right to his bedroom... Oliver brings a fresh twist—and touches of mystery and humor—to the Christian fiction genre with this engaging, entertaining novel. Will these two enemies fall in love after they're forced to say "I do"? As the head chef of a bustling restaurant, Jocelyn Gray must stay focused. With her family relying on her, she can't afford to get distracted. She especially can't let the arrogant dreamboat Luke Wright, the man she's hated for a decade, distract her. But desperate and cash-strapped, Jocelyn soon considers a shocking proposal from her worst enemy... The oldest son of the wealthy Wright family, Luke has big plans to use his family's riches for good. The only thorn in his side? A gorgeous blond chef who seems to be the only woman immune to his charms. But Luke's plans are upended when he learns that he must marry, or risk losing his entire inheritance. Now he needs to find a wife—and fast. And Jocelyn Gray is the perfect woman for the job. As these two enemies let their walls down, will they let love win? Or will their vows become nothing but hollow promises? Mission: Survive my best friend's wedding, where I must play nice with my ex and his perfect new girlfriend. Strategy: Bring the hottest fake boyfriend on the planet. Target: Grady Rock. Master Baker. Dimples. Muscles. The unicorn of fake boyfriends. Complication: Wyatt Morgan. My brother's best friend. My sworn enemy. Military man. Sexy as hell single dad. The man I let into my panties for one night of hot hate sex after my ex dumped me before my life fell apart. And the man who just scared off that perfect fake boyfriend. By pretending to be my real boyfriend. I can roll with this though. What's the harm in Flirting with the Frenemy if it helps me get the job done? Complete my mission and move on. Or so I thought. Until Wyatt kisses me again and I start feeling things I shouldn't. The thing about weddings...nothing ever goes as planned. Flirting with the Frenemy is a rollicking fun romantic comedy featuring a single dad military man, an irritatingly attractive blast from his past, pirates, cursing parrots, and a wedding gone wild. It stands alone with no cheating or cliffhangers. Imagine yourself in the driver's seat. The windows are down, and the breeze is warm. But all of this comes crashing down when Gus discovers Nate, her "Mr. Right," hooking up behind her back with her so-called "friend" Helen. Soon it seems like the life Gus has worked to make so adult looks a lot like the one she already had as a teenager, and Gus is left with more questions than answers: Can she win Nate back before she turns 30 alone? (And if so, does she really want him?) Is Helen really as devious and manipulative as she seems, or, worse, is Gus more like her frenemy than she ever imagined? And is she ever going to grow up? With the clock ticking down to her birthday, Gus discovers that sometimes the best thing about best-laid plans is trashing them altogether. When Principal Bates tells Emma the NSC needs students who are calm, cool, and collected---and neutral---Emma vows to be just that for forty-eight hours to prove to Mrs. Bates that she can do it. But staying Swiss is proving more difficult than Emma thought it would be, especially when it comes to dishing out advice on her blog. Now her silence is causing more trouble than her opinions. Her best friends, Izzy and Harriet, misinterpret her restraint as negligence and stop speaking to her. Can Emma find a way to get her friends back and still stay cool as a cucumber? This could get ugly. . . . Why do crucial business partnerships and alliances fail so often and how can you keep it from happening to you? Partnering with the Frenemy answers these questions, helping you anticipate, prevent, and solve the problems that lead close business relationships to implode. Drawing on cutting-edge research, Sandy Jap illuminates the widespread "frenemy" phenomenon in organizational partnerships, where partners who start as non-competitive "friends" become "enemies" over time. She identifies key economical and structural causes of "frenemization," in which success creates imbalances in power dynamics, leading partners to generate resentment, contempt, and often direct competition. She also illuminates crucial social causes for partnership failure, where seemingly innocuous acts of interpersonal opportunism and "sins of omission" gradually

poison collaboration. To support her insights, she offers numerous case studies, both ongoing and historical, including Samsung/Google, Martha Stewart/Macy's, Oracle/Sun Microsystems, Best Buy/Apple, Calvin Klein/Warnaco, and Nike/Footlocker. Most important, she offers specific recommendations for avoiding problems, revitalizing weakening partnerships, and recognizing when a partnership can't be saved.

Ida May finally fits in at school after becoming best friends with Stacey Merriweather, who is universally liked by their classmates. But then Ida's frenemy, bossy Jenna Drews, brings in a game of truth or dare, and all the girls are suddenly daring one another to misbehave. When Ida finds herself in the principal's office, she's scared into ratting out her friends and gets frozen out of the group. The only way she can fix things is to take a triple-dog dare: letting one of the girls pierce her ears. Will her BFF come to her rescue, or is this the perfect job for a frenemy? Packed with fourth-grade jealousies, problems, misbehavior, and consequences, this third book about Ida May stands on its own. Kayla, Evelyn, and Trina have been on-and-off-again girlfriends for many years, but the lines of true friendship will be crossed, the knives that go into another friend's back will cut deep, trust will not apply, and no one will share their dirty little secrets. With enough backstabbing, finger-pointing, and disrespect to go around, this trio sticks to their motto of "What she can do, I can do better; and whatever she has, I want a piece of it too." Much competition is thrown in the mix, and jealousy is so thick that there will be no place for anyone to run when the mess hits the fan. Only then will they attempt to put their many differences aside, but when severe damage is already done, it may be possible to forgive, but certainly not to forget.

Ultimately, they see each other as something other than rivals and find they have more in common than they'd thought.

*Bridesmaids meets Big Little Lies* in a novel told from the alternating perspectives of two women who define the term frenemies—from New York Times bestselling author Jen Lancaster. Jacqueline Jordan knows conflict. A fearless journalist, she's spent the past decade embedded in the world's hot spots, writing about the fall of nations and the rise of despots. But if you were to inquire about who topped Jack's enemy list, she'd not hesitate to answer: Kitty Carricoe. Kitty reigns supreme over the world of carpools and minivans. A SAHM, she spends her days caring for her dentist husband and three towheaded children, running the PTA, and hiding vegetables in deceptively delicious packed lunches. Kitty and Jack haven't a single thing in common—except for Sarabeth Chandler, their mutual bestie. Sarabeth and Jack can be tomboys with the best of them, while Sarabeth can get her girly-girl on with Kitty. In fact, the three of them were college friends until the notorious incident when Jack accidentally hooked up with Kitty's boyfriend... Yet both women drop everything and rush to Sarabeth's side when they get the call that her fabulously wealthy husband has perished in a suspicious plane crash. To solve the mystery surrounding his death, Jack and Kitty must bury the hatchet and hit the road for a trip that just may bring them together—if it doesn't kill them first. An intimate and profound reckoning with the changes buffeting the \$2 trillion global advertising and marketing business from the perspective of its most powerful players, by the bestselling author of *Googled Advertising* and marketing touches on every corner of our lives, and is the invisible fuel powering almost all media. Complain about it though we might, without it the world would be a darker place. And of all the industries wracked by change in the digital age, few have been turned on its head as dramatically as this one has. We are a long way from the days of Don Draper; as *Mad Men* is turned into *Math Men* (and women--though too few), as an instinctual art is transformed into a science, the old lions and their kingdoms are feeling real fear, however bravely they might roar. *Frenemies* is Ken Auletta's reckoning with an industry under existential assault. He enters the rooms of the ad world's most important players, some of them business partners, some adversaries, many "frenemies," a term whose ubiquitous use in this industry reveals the level of anxiety, as former allies become competitors, and accusations of kickbacks and corruption swirl. We meet the old guard, including Sir Martin Sorrell, the legendary former head of WPP, the world's largest ad agency holding company; while others play nice with Facebook and Google, he rants, some say Lear-like, out on the heath. There is Irwin Gotlieb, maestro of the media agency GroupM, the most powerful media agency, but like all media agencies it is staring into the headlights as ad buying is more and more done by machine in the age of Oracle and IBM. We see the world from the vantage of its new powers, like Carolyn Everson, Facebook's head of Sales, and other brash and scrappy creatives who are driving change, as millennials and others who disdain ads as an interruption employ technology to zap them. We also peer into the future, looking at what is replacing traditional advertising. And throughout we follow the industry's peerless matchmaker, Michael Kassan, whose company, MediaLink, connects all these players together, serving as the industry's foremost power broker, a position which feasts on times of fear and change. *Frenemies* is essential reading, not simply because of what it says about this world, but because of the potential consequences: the survival of media as we know it depends on the money generated by advertising and marketing--revenue that is in peril in the face of technological changes and the fraying trust between the industry's key players. "A great new voice in suspense...Perfect for fans of *Big Little Lies* who thrive on stories of deceit in the suburban world." —J. T. Ellison, New York Times and USA Today bestselling author of *Her Dark Lies* "Pitch perfect suspense...The best debut I've read this year." --Allison Brennan, New York Times bestselling author *An Intriguing and twisty domestic suspense about loyalty and deceit in*

a tight-knit Texas community where parents are known to behave badly and people are not always who they appear to be. Emily, a popular but bookish prep school senior, goes missing after a night out with friends. She was last seen leaving a party with Alex, a football player with a dubious reputation. But no one is talking. Now three mothers, Catherine, Leslie and Morgan, friends turned frenemies, have their lives turned upside down as they are forced to look to their own children—and each other’s—for answers to questions they don’t want to ask. Each mother is sure she knows who is responsible, but they all have their own secrets to keep and reputations to protect. And the lies they tell themselves and each other may just have the potential to be lethal in this riveting debut. I've spent my life running away from my past. And for so long, that's worked. Not anymore. Now my past is out to get me in the form of Zach O'Malley. He was my first crush, but that was then. My name is still Beatrice Dobbs, but everything else has changed. I'm an adult now. I don't want to go back to my troubled past. Plus Zach is from the wrong side of the tracks. Sure, back when I was in high school, I had a thing for the Bad Boy, but not anymore. And on top of that, he's trying to get me to reconnect with my mother. I haven't spoken to her since I was eighteen, and I would rather re-take the SAT's than see her again. And yet, I can't seem to push Zach away. He's no good for me. But maybe - just maybe- my teenage self was onto something. What's the harm in a little bit of fun? Dashiell Hampton is her enemy. Layla Tate reminds herself of that fact every morning she goes to class and sees his smug face smirking up at her. There hasn't been a moment they weren't pitted against each other and she refuses to back down...not even when she learns he's the teaching assistant for the new class she's taking. Layla Tate is going down. There is nothing that makes Dash Hampton as happy as the look on Layla's face when she realizes he's won. He lives to drive her crazy because if he can't have her beneath him, then he'll have her any other way he can. He'll get her to notice him, even if it means making her semester a living hell. When their classroom rivalry crosses the line between frenemies and forbidden, the hardest lesson they'll have to learn is that sometimes you have to lose to win. Twelve-year-old Flor faces a bittersweet summer with a pageant, a frenemy, and a hive full of honey. It's the summer before eighth grade and Flor is stuck at home and working at her family's mattress store, while her best friend goes off to band camp (probably to make new friends). It becomes even worse when she's asked to compete in the local honey pageant. This means Flor has to spend the summer practicing her talent (recorder) and volunteering (helping a recluse bee-keeper) with Candice, her former friend who's still bitter about losing the pageant crown to Flor when they were in second grade. And she can't say no. Then there's the possibility that Flor and her family are leaving to move in with her mom's family in New Jersey. And with how much her mom and dad have been fighting lately, is it possible that her dad may not join them? Flor can't let that happen. She has a lot of work to do. For Avalon, keeping up with trends has never been a problem - until her fellow cheerleaders decide that her BFF Halley is definitely out this season. Now Avalon must choose between the frenemy who embarrassed her in front of everyone and the new friends who stood by her. Halley, on the other hand, thinks she's got it all: her forever-friend Avalon, her new bestie Sofee, and the hottest fall wardrobe at Seaview Middle School. Things are finally back on track. But when Sofee spies Avalon flirting with Halley's crush, will it be World War Halvalon all over again? Pirate Penguin and Ninja Chicken are friends. Or maybe they're enemies. Heck, if they can't keep track, then how can we!? Whatever they are, they're definitely hilarious. We think you'll like this book: there are about a bajillion jokes inside, and it's filled with action, adventure and arguments. Sometimes the stories are really teeny, about stuff like ice cream smoothies or making fun of your friends (just like real life!), and sometimes the story gets really epic-tastic, filled with spaceships and

giant monsters and evil koalas and stuff (just like real life!). Plus, since it's about pirates, there are at least 17 swordfights (that's the rule with pirates). Perfect for friends, enemies, and "frenemies," this full-color collection of wacky adventures will keep you cracking up with no "troublem." What happens when two besties become full-blown worsties? Avalon Greene rules the fashion scene at her sunny SoCal middle school with a diamond-clad fist, calling out classmates for their fashion-do's and most unfortunate clothes-pas. She's determined to host the social event of the season—a soiree in honor of her forever-friendship with Halley! Unfortunately, Halley's new look is one thing Avalon just can't celebrate. . . . Halley Brandon is just back from art camp and can't wait to share her funky new style with her best friend, Avalon. But when Avalon cries fashion foul, Halley realizes her best friend's true colors may clash with her own. Has their ultra-fabulous friendship finally gone out of style? From sharing custody of their puppy, Pucci, to drawing up a list of who gets which friends, Avalon and Halley discover what happens when you battle the person who knows everything about you—and isn't afraid to use your secrets to get what she wants. Best friends. Worst enemies. Frenemies. The Count of Monte Cristo meets Mean Girls in this scandalicious, hilarious tale of friendship, betrayal, makeovers, and revenge. Fans of Veronica Roth, Suzanne Collins and John Flanagan will love John Marsden. Social media is polarizing America: using Facebook causes Americans to negatively judge and stereotype those people with whom they disagree about politics. Keep your friends close and your frenemies closer. Layla I knew the moment I saw him at the front of the classroom I was in hell, because Dashiell "Dash" Hampton was the devil. Even if I didn't need the class to graduate, there was no way I could drop it. I couldn't give him the satisfaction. Besides, we've been enemies for years...one semester with him as my T.A. wouldn't kill me. Sometimes you have to lose to win. Dash The long and short of it: I was f\*\*\*ed. The last person I expected to see walk into my classroom was the one woman I've wanted for as long as I could remember. It was just too bad she was the only woman who never wanted me back. Now that she's my student, I know that's one line I can't cross...no matter how much I want to. Jayd's best friend Nellie's got an attitude problem. Ever since she was named homecoming princess she's been avoiding Jayd and hanging out with Tania and her crew. It's amazing the girl can fit her new crown over that big head of hers. And then there's Jayd's boyfriend Jeremy. His aloof attitude is really getting on her nerves. Jayde's starting to question his commitment, not to mention her own. Especially since lately all she can think about is Rah and that surprise kiss he planted on her the other day... Another day another problem in Drama High! In this razor-sharp novel for fans of When Life Gives You Lululemons, a Manhattan socialite turns her spin instructor into a fitness superstar to impress her friends. But can she

keep her little project under control? Or has she created a monster? Julia Summers seems to have it all: a sprawling Upper East Side apartment, a successful husband, and two adorable children attending the best private school in the city. She relishes wielding influence over her well-heeled girlfriends . . . but her star appears to be fading. That's why, when stranded in Manhattan for the summer as her entire crowd flees to the Hamptons, Julia is on the hunt for the next big thing that will make her the envy of her friends and put her back on top. Enter Flame, the new boutique gym in her neighborhood.

Seductive and transformative, Flame's spin classes are exactly what Julia needs—and demure, naïve instructor Tatum is her ticket in. But rebranding Tatum as a trendy guru proves hard work, and Julia's triumphant comeback at summer's end doesn't quite go as planned. Tatum begins to grasp just how much power her newfound stardom holds, and when things suddenly get ugly, Julia realizes she's in way over her head. Julia's life is already spiraling out of control when her husband is arrested for fraud and bribery. As her so-called friends turn their backs on her, and Tatum pursues her own agenda, Julia is forced to rethink everything she knew about her world to reclaim her perfect life. But does she even want it back? Witty and incisive, Sophie Littlefield and Lauren Gershell's *That's What Frenemies Are For* provides an engrossing glimpse into the cutthroat moms' club of the Upper East Side. Advance praise for *That's What Frenemies are For* "Pack up your beach bag and put your phone on Do Not Disturb: This modern-day Pygmalion story is juicy fun! Fans of Lauren Weisberger and Jill Kargman will delight in this delicious romp about how the other half lives."—Jamie Brenner, bestselling author of *The Forever Summer* and *Drawing Home* "Whether this book hits a little too close to home or offers the perfect escape, readers will love the insanity of Julia's social ups and downs in this clever novel."—Laurie Gelman, author of *Class Mom* An in-depth look at places--nation-states, states, and provinces--that are geographically side-by-side but otherwise, worlds apart. Hollywood heartthrob, Gavin Price invaded our small town, Sunrise Bay, like he owned it. Gavin was my biggest celebrity crush when I was young. He bears the charisma of an easygoing boy-next-door mixed with a rule-breaker personality both in person and on screen. For a moment, I thought maybe my fairy godmother sent him to me. Until he decided to run against my mother for mayor. Everyone in our town knows my mom's happiness comes before my own, so I take it as my personal mission to show him who really runs this town. I just didn't realize that being my mom's right-hand woman would put me in such close proximity to him. Very quickly, I question whether he wants to win the mayoral race or me. Emma Woods knows just how to fix all her peers' problems-or so she thinks-in this first book in the brand-new middle grade series *Ask Emma*, from the bestselling creators behind the *Cupcake Club* series! When 13-year-old Emma Woods gets that tingling feeling in her fingertips, she knows she's on to a great idea-and starting an advice blog for her classmates at Austen Middle may be one of her most brilliant ones yet! Who better to give advice on friendship, style, school, and even crushes than someone who's going through it too? But when *Ask Emma* goes live, she quickly realizes not everyone sees it that way. Suddenly, Emma is bombarded with peers asking her to help them postpone quizzes, get out of detention, and cut gym class short. This wasn't exactly what she had in mind. . . .What's worse, someone is posting hurtful comments, telling her to mind her own business. Despite her good intentions, Emma's blog seems to only be getting her-and her friends--deeper and deeper into trouble. Will *Ask Emma* come to an end before it's really begun? Or can Emma find her voice, write what's in her heart, and truly stand up for what she believes in? This book will include an appendix on cyberbullying resources. From mega-bestselling author Megan McCafferty—author of the beloved *Jessica Darling* series that *The Wall Street Journal* called “Judy Blume meets Dorothy Parker”—comes a hilarious love letter to the magic and heartache of middle school friendship. Sophie Dailey is NOT looking forward to starting middle school. For one thing, she doesn't look like other kids. Instead of trendy tank tops, she wears high tech shirts that block UV rays. (Sun protection is serious business!) And she definitely doesn't sound like other kids either. (She can't say “holla” or “hot take” without making a weird face.) Needless to say, this is probably why her best friend, Ella, ditched her for Queen Bee Morgan. Sophie is comfortable with who she is and doesn't want to change. But she's also pretty lonely without Ella. Even worse, Morgan seems intent on making seventh grade miserable for Sophie,

and Ella doesn't bat an eye at the bullying. Then a new girl moves in next door to Sophie. Kaytee Ray is everything Sophie is not: fashionable and super-confident. Sophie can't believe Kaytee wants to spend the last days of summer with her. Determined to keep Kaytee as a friend, Sophie lies about her social status, claiming to be besties with Morgan and Ella. As long as Kaytee attends Villa Academy—a private school on the other side of town—she'll never find out her first friend in New Jersey is a loser. But can any friendship built on lies survive seventh grade?
