A dark and unexpected novel about a Dublin undertaker who finds himself on the wrong side of the Irish mob. Paddy Buckley is a grieving widower who has worked for years for Gallagher's, a long-established—some say the best—funeral home in Dublin. One night driving home after an unexpected encounter with a client, Paddy hits a pedestrian crossing the street. He pulls over and gets out of his car, intending to do the right thing. As he bends over to help the man, he recognizes him. It's Donal Cullen, brother of one of the most notorious mobsters in Dublin. And he's dead. Shocked and scared, Paddy jumps back in his car and drives away before anyone notices what's happened. The next morning, the Cullen family calls Gallagher's to oversee the funeral arrangements. Paddy, to his dismay, is given the task of meeting with the grieving Vincent Cullen, Dublin's crime boss, and Cullen's entourage. When events go awry, Paddy is plunged into an unexpected eddy of intrigue, deceit, and treachery. A grandmother lovingly makes ornate beaded moccasins for the young thugs who robbed her and her grandson and gives them to the boys at Christmastime as a sign of forgiveness. In twelve months between 2007 and 2008, Christopher Buckley coped with the passing of his father, William F. Buckley, the father of the modern conservative movement, and his mother, Patricia Taylor Buckley, one of New York's most glamorous and colorful socialites. He was their only child and their relationship was close and complicated. Writes Buckley: "They were not - with respect to every other set of loving, wonderful parents in the world - your typical mom and dad." As Buckley tells the story of their final year together, he takes readers on a surprisingly entertaining tour through hospitals, funeral homes, and memorial services, capturing the heartbreaking and disorienting feeling of becoming a 55-year-old orphan. Buckley maintains his sense of humor by recalling the words of Oscar Wilde: "To lose one parent may be regarded as a misfortune. To lose both looks like carelessness." Just as Calvin Trillin and Joan Didion gave readers solace and insight into the experience of losing a spouse, Christopher Buckley offers consolation, wit, and warmth to those coping with the death of a parent, while telling a unique personal story of life with legends. **A Recommended Read from:** *The Los Angeles Times* * *Town and Country* * *The Seattle Times* * *Publishers Weekly* * *Lit Hub* * *Crime Reads* * *Alma* From the author of *The Real Lolita* and editor of *Unspeakable Acts*, the astonishing story of a murderer who conned the people around him—including conservative thinker William F. Buckley—into helping set him free In the 1960s, Edgar Smith, in prison and sentenced to death for the murder of teenager Victoria Zielinski, struck up a correspondence with William F. Buckley, the founder of *National Review*. Buckley, who refused to believe that a man who supported the neoconservative movement could have committed such a heinous crime, began to advocate not only for Smith's life to be spared but also for his sentence to be overturned. So begins a bizarre and tragic tale of mid-century America. Sarah Weinman's *Scoundrel* leads us through the twists of fate and fortune that brought Smith to freedom, book deals, fame, and eventually to attempting murder again. In *Smith*, Weinman has uncovered a psychopath who slipped his way into public acclaim and acceptance before crashing down to earth once again. From the people Smith deceived—Buckley, the book editor who published his work, friends from back home, and the women who loved him—to Americans who were willing to buy into his lies, Weinman explores who in our world is accorded innocence, and how the public becomes complicit in the stories we tell one another. *Scoundrel* shows, with clear eyes and sympathy for all those who entered Smith's orbit, how and why he was able to manipulate, obfuscate, and make a mockery of both well-meaning people and the American criminal justice system. It tells a forgotten part of American history at the nexus of justice, prison reform, and civil rights, and exposes how one man's ill-conceived plan to set another man free came at the great expense of Edgar Smith's victims. Get a behind-the-scenes glimpse of what it takes to be considered one of the worst figures in history, with this brand-new nonfiction series that focuses on the most nefarious historical figures. On a list of the worst people ever, Adolf Hitler is certainly at or near the top. Born the son of a low-ranking government official, no one would have predicted that the young Adolf would grow up and become the leader of millions of Germans as well as one of the most despised figures of the twentieth century. Hitler himself wanted to be an artist, but he couldn't get into

art school. The rejection was just one more thing in a long chain of events that made him angry. Angry at the world. Angry at specific groups of people. As his anger grew, so did his hatred until eventually there was very little else left. When Hitler entered politics, he found himself surrounded by people who agreed with him. Who would listen to his rants and would happily follow his every decree and cheer his every word. But why did people let him do that? Why did they follow him? What made his policies so attractive? And what made Adolf Hitler so popular? Find out with this biography that takes a deeper look at Hitler...because history isn't just about the heroes. His Roman-Catholic faith has been an enduring part of the life and personality of William Buckley, Jr. Now, for the first time since his ground breaking *God and the Man* at Yale he has written a book about faith--his own. *Nearer, My God, An Autobiography of Faith* is William Buckley's superbly written story of his life seen through his abiding love for the Catholic Church, a love instilled in him from childhood. He reminisces about his school days in England, his family, the affect the Lunn/Knox dialogue had on him, and examines many aspects of Catholicism and its theology, doctrine and liturgy and on the way discourses about Lourdes, the vernacular mass, the Church and the State, the Crucifixion, the priesthood, contraception as well as the many people who have assisted him on his life's journey. The New York Times Bestseller William F. Buckley, Jr. remembers—as only he could—the towering figures of the twentieth century in a brilliant and emotionally powerful collection, compiled by acclaimed Fox News correspondent James Rosen. In a half century on the national stage, William F. Buckley, Jr. achieved unique stature as a writer, a celebrity, and the undisputed godfather of modern American conservatism. He kept company with the best and brightest, the sultry and powerful. Ronald Reagan pronounced WFB “perhaps the most influential journalist and intellectual in our era,” and his jet-setting life was a who’s who of high society, fame, and fortune. Among all his distinctions, which include founding the conservative magazine National Review and hosting the long-running talk show Firing Line, Buckley was also a master of that most elusive art form: the eulogy. He drew on his unrivaled gifts to mourn, celebrate, or seek mercy for the men and women who touched his life and the nation. Now, for the first time, WFB’s sweeping judgments of the great figures of his time—presidents and prime ministers, celebrities and scoundrels, intellectuals and guitar gods—are collected in one place. A Torch Kept Lit presents more than fifty of Buckley’s best eulogies, drawing on his personal memories and private correspondences and using a novelist’s touch to conjure his subjects as he knew them. We are reintroduced, through Buckley’s eyes, to the likes of Winston Churchill and Ronald Reagan, Elvis Presley and John Lennon, Truman Capote and Martin Luther King, Jr. Curated by Fox News chief Washington correspondent James Rosen, a Buckley protégé and frequent contributor to National Review, this volume sheds light on a tumultuous period in American history—from World War II to Watergate, the “death” of God to the Grateful Dead—as told in the inimitable voice of one of our most elegant literary stylists.

William F. Buckley, Jr. is back—just when we need him most. In Wilder Wales, writer Julian Rollins and photographer Drew Buckley explore and document the very best of Wales's landscapes, visiting a dozen of the nation's key wildlife locations month by month. An aide to the Tudor queen faces treachery—and accusations of witchcraft—in this series of “intelligent, historically accurate Elizabethan-era whodunits” (Booklist). Ursula Blanchard is rudely shaken on receipt of a threatening letter from the exiled Anne Percy, Countess of Northumberland, whose treasonous plot against Elizabeth I Ursula helped foil a few months previously. Ursula dismisses the countess’s letter as idle threats, but then a series of strange events rocks Ursula’s household—and Ursula herself is accused of witchcraft. Could Anne Percy really be orchestrating a plot against Ursula from her exile in the Netherlands? And, if so, how can Ursula prove it before she is hanged as a witch? “Ursula is the essence of iron cloaked in velvet—a heroine to reckon with.” —Kirkus Reviews “[A] sixteenth-century mystery series as complicated and charming as an Elizabethan knot garden.” —The Tampa Tribune

How the clash between the civil rights firebrand and the father of modern conservatism continues to illuminate America's racial divide

On February 18, 1965, an overflowing crowd packed the Cambridge Union in Cambridge, England, to witness a historic televised debate between James Baldwin, the leading literary voice of the civil rights movement, and William F. Buckley Jr., a fierce critic of the movement and America's most influential conservative intellectual. The topic was "the American dream is at the expense of the American Negro," and no one who has seen the debate can soon forget it. Nicholas Buccola's *The Fire Is upon Us* is the first book to tell the full story of the event, the radically different paths that led Baldwin and Buckley to it, the controversies that followed, and how the debate and the decades-long clash between the men continues to illuminate America's racial divide today. Born in New York City only fifteen months apart, the Harlem-raised Baldwin and the privileged Buckley could not have been more different, but they both rose to the height of American intellectual life during the civil rights movement. By the time they met in Cambridge, Buckley was determined to sound the alarm about a man he considered an "eloquent menace." For his part, Baldwin viewed Buckley as a deluded reactionary whose popularity revealed the sickness of the American soul. The stage was set for an epic confrontation that pitted Baldwin's call for a moral revolution in race relations against Buckley's unabashed elitism and implicit commitment to white supremacy. A remarkable story of race and the American dream, *The Fire Is upon Us* reveals the deep roots and lasting legacy of a conflict that continues to haunt our politics. Recounts the story of the Horne family spanning eight generations and describing America's developing black middle class by Lena Horne's daughter. When Jeff Buckley drowned at the age of thirty in 1997, he not only left behind a legacy of brilliant music -- he brought back haunting memories of his father, '60s troubadour Tim Buckley, a gifted musician who barely knew his son and who himself died at twenty-eight. Both father and son made transcendent music that mixed rock, jazz, and folk; both amassed a cadre of obsessive, adoring fans. This absorbing dual biography -- based on interviews with more than one hundred friends, family members, and business associates as well as access to journals and unreleased recordings -- tells for the first time the intriguing, often heartbreaking story of these two musicians. It offers a new understanding of the Buckleys' parallel lives -- and tragedies -- while exploring the changing music business between the '60s and the '90s. Finally, it tells the story of a father and son, two complex, enigmatic men who died searching for themselves and each other. As a hopeless and struggling indie rock musician, Ray Goldman's best chance of discovering any beauty and purpose in his dysfunctional life will come only when he ceases to struggle against life itself. Now a 31-year-old guitar player, seeking fulfillment in the wake of a life-altering tragedy while reflecting on the depravity and selfishness that hastened his descent towards it. This story involves the relationship between instability and balance, death and resurrection, perception and reality, but ultimately it is about the endless war waged between our disquieted minds and our noble hearts. Take an intimate journey with award-winning wildlife photographer Drew Buckley as he observes the trials and joys of the Atlantic Puffin, the UK's most recognisable seabird. Featuring stunning photography, *The Puffin Book* provides an informative insight into the daily struggles of this tenacious little bird. world—Arab-American relations—in a blistering comic novel sure to offend the few it doesn't delight. Appalled by the punishment of her rebellious friend Nazrah, youngest and most petulant wife of Prince Bawad of Wasabia, Florence Farfarletti decides to draw a line in the sand. As Deputy to the deputy assistant secretary for Near East Affairs, Florence invents a far-reaching, wide-ranging plan for female emancipation in that part of the world. The U.S. government, of course, tells her to forget it. Publicly, that is. Privately, she's enlisted in a top-secret mission to impose equal rights for the sexes on the small emirate of Matar (pronounced "Mutter"), the "Switzerland of the Persian Gulf." Her crack team: a CIA killer, a snappy PR man, and a brilliant but frustrated gay bureaucrat. Her weapon: TV shows. The lineup on TV Matar includes *A Thousand and One Mornings*, a daytime talk show that features self-defense tips to be used against boyfriends during Ramadan; an addictive soap opera featuring strangely familiar members of the Matar royal family; and a sitcom about an inept but ruthless squad of religious police, pitched as "Friends from Hell." The result: the first deadly car bombs in the country since 1936, a fatwa against the station's entire staff, a struggle for control of the kingdom, and, of course, interference from the French. And that's only the beginning. A merciless dismantling of both American ineptitude and Arabic intolerance, *Florence of Arabia* is Christopher Buckley's funniest and most serious novel yet, a biting satire of how U.S. good intentions can cause the Shi'ite to hit the fan. Profiles the Los Angeles Angels baseball team, including its history, notable players, and team all-time career records. A child considers how Grandmother's lap is just right for those times when lightning is coming in the window or the cat is missing. Richard Brookhiser wrote his first cover story for *National Review* at age fourteen, and became the magazine's youngest senior editor at twenty-three. William F. Buckley Jr. was Brookhiser's mentor, hero, and admirer; within a year of Brookhiser's arrival at the magazine, Buckley tapped him as his successor as editor-in-chief. But without warning, the relationship soured—one day, Brookhiser returned to his desk to find a letter from Buckley unceremoniously informing him "you will no longer be my successor." Brookhiser remained friends and colleagues with Buckley despite the breach, and in *Right Time, Right Place* he tells the story of that friendship with affection and clarity. At the same time, he provides a delightful account of the intellectual and political ferment of the conservative resurgence that Buckley nurtured and led. Witty and poignant, *Right Time, Right Place* tells the story of a young man and a political movement coming of age—and of the man who inspired them both. Herb Nutterman, a long-time Trump Organization employee, unexpectedly becomes President Trump's White House chief of staff and finds himself entangled in Russian intrigue and leading the president's reelection campaign. Art Wolfe's definitive opus, *Earth Is My Witness* represents forty years of expeditionary photography. For the first time, Wolfe presents the three subjects at the heart of his work—landscapes, wildlife, and cultures on the edge of extinction—in a single masterpiece that takes us through the world's ecosystems and geographical regions in a vivid display of the fragility and interconnectivity of life on Earth, while simultaneously exploring his evolution as an artist and the techniques he uses to capture the nuances and rhythms of nature. *Earth Is My Witness* is the most extensive collection of Art Wolfe photography ever compiled. This lavishly produced work spans the globe, bringing the beauty of the planet's fast-disappearing landscapes, wildlife, and cultures into stunning focus. Containing unpublished work from throughout Wolfe's widely celebrated career, *Earth Is My Witness* offers a riveting and comprehensive look at the world's ecosystems and geographical regions. Here Wolfe presents an encyclopedic selection of his photography along with intimate stories that exemplify his boundless curiosity. From the rich sights and smells of the Pushkar Camel Fair to the exact moment when a polar bear and her cubs leave their Arctic den, these images represent what Wolfe has lived for: moments when circumstance, light, and subject miraculously collide to form an iconic image. These photographs and the stories behind them explore the delicate interconnectivity of life across our planet. Setting the stage for this fascinating journey is award-winning author Wade Davis. Together, photographer and author present a world that borders on the fantastic but is all the more precious for its fragility. At the heart of Wolfe's work is the appeal for environmental, cultural, and wildlife preservation, which he makes with beautiful, far-reaching precision in this definitive opus. Now it is the Fourth of July in Abilene, and Drew is in town for more than fireworks. He has returned for revenge!
